Off-plan vs ready: the last six months

Off-plan sales are Oqood registrations: homes bought from the developer before handover. Ready sales are homes that already have a title deed, mostly resales. "Other" covers gifts, grants and similar transfers.

Rents and yield

1,173 Ejari rent contracts were registered in the three months to the end of September 2026: 650 new leases and 523 renewals. The median annual rent was AED 74,000. Set against the median sale price, that is a gross yield of 10.2%.

> A note on that yield: most sales here are off-plan, so the price side is mostly launch prices for homes that are not built yet, while the rent side is today's rents on finished homes. Buying a ready home on resale usually gives a lower yield. Ask us for the figure on a specific building.

What the numbers say

- The median price per sq ft is 4.5% lower than in Sep 2025 (AED 1,416 against AED 1,483). Monthly medians move with the mix of homes sold, so check the quarterly line before reading too much into one month.
- Off-plan dominates: 87.6% of sales over the past six months were Oqood registrations, so prices here mostly reflect developer launch pricing, not resale values.
- Gross yield on DLD figures is 10.2%, but most sales here are off-plan, so that compares today's rents with launch prices for homes not yet built. A ready home bought at today's resale price will usually yield less.
- The best-selling project in September 2026 was Binghatti Skyflame 1 with 226 sales.

About these figures. Every number comes from Dubai Land Department records for the DLD district Wadi Al Safa 3: registered sales and Ejari rent contracts. We use medians, not averages, and clean out share transfers and data errors. DLD usually registers a sale a few weeks after it happens, so the newest weeks are always a little light.
